| Reason for emergency extension request: | | |
| <p>The Jacob K. Javits Fellowship Program Final Performance Report has a current expiration date of 09/30/2007. It is unlikely that the recently submitted revised Final Performance Report (1840-0752 v.5) will be approved by OMB before a final performance report will be needed for the Javits program's grantees. Since some current Javits Fellowship grants have end dates of 08/31/2007, a final performance report must be active for 90 days (08/31/2007 - 11/30/2007) after this date, so that these grantees may comply with the regulations and submit their final performance reports within the required time frame. An emergency extension of the expiration date of the currently approved collection to 11/30/2007 will allow enable grantees to use the currently approved final performance report to comply with regulations.</p> <p>Please note that the information collection package for the revised Final Performance Report has been submitted for OMB clearance. Thank you for your consideration.</p> | | |
